### Gained Ten Pounds

Before Taking ZIRON, Alabama Man Was Weak,  
Nervous, Had No Appetite, But is Now Strong.

EVERY man and woman, who is in a run-down, weak condition, with bad complexion and poor appetite, due to lack of iron in their blood, should find Ziron helpful and strength-building.

It is a scientific, reconstructive tonic, composed of ingredients recommended by leading medical authorities.

Describing his experience with Ziron, Mr. George W. S. Lanier writes from Jones, Ala.: "Sometime back, I was in a terrible condition. I was weak and nervous, and had a tired feeling all the time. My skin was muddy. I had no appetite, and at morning I didn't feel like getting up. I was reading of Ziron and decided I would try it."

"Will say that Ziron is a good medicine. I have gained ten pounds in four months. Am strong and have a good appetite."

Ziron is a mild iron tonic, good for young and old. It helps to restore the system, when run-down by overwork, under-nourishment, caused by stomach or bowel disorders, or as a result of some weakening illness.

Get Ziron from your druggist. He sells it on a money-back guarantee.

## McCormick Deering International P & O Chattanooga

YOU know these trade names. Your father and grandfather knew most of them. They knew in their time and you know today, through long usage and satisfactory service, that there are no better farm machines and implements made than those bearing the above trade names, which are guarantees of high quality.

And now these time-honored, service-renowned lines have been merged into one—the International Harvester—representing the cream of the farm machine world. And—

### What does this mean to you as a Farmer?

IT MEANS, first of all, that you can buy any machine or implement you may need from one concern—us—without taking chances on experiments or implements that might be orphaned one or two years after you buy them, because of the manufacturer going out of business. You can always get repairs for any machine or implement in the International line, because the Harvester Company will never go out of business.

AND you don't have to go to the bother and expense of trying to get repairs and repair service from half a dozen or more different companies. You won't be taking chances on expensive delays waiting for repairs during the busy season, because we are going to carry a big stock of repairs on hand, and any extras that we might not have on hand at any time can be secured in a hurry by a 'phone call to the International Harvester branch house.

Tack this advertisement up in your machine shed, so that whenever you need repairs for any of your International machines you will know, without wasting time, where to go for GENUINE INTERNATIONAL REPAIRS. We handle repairs for the complete International line. Also, you will know where to go when you are in the market for new machines and implements of real quality.

## Buying out the Railroads

If all the farmers in the United States should sell all their livestock and all the crops they raise this year, they would have money enough to buy all the railroads in the Nation. That's how big the farming business is. Worth knowing about—eh?

## The COUNTRY GENTLEMAN

carries to its readers each week the news of this eighty-billion-dollar business. It tells of successes—and the failures, too—of farmers in every state.

The farmers right round this town have a part in that \$80,000,000,000; the merchants and preachers and lawyers and doctors here in town are getting their living, directly or indirectly, from the farmers. Do you read THE COUNTRY GENTLEMAN? Regularly? Every week? If you don't you're not keeping very closely in touch with this farming business that could buy out the railroads. . . . Better subscribe. Costs only \$1.00 for a whole year—fifty-two big weekly issues—and it will put before you the whole Nation's farming—from the backyard garden to the million-acre ranch in Texas.
